

## **Antique Mirrors Note**

Antique mirrors are mirrors that look aged or distressed by years of use and exposure. While you still occasionally find a mirror that comes by this effect naturally, more commonly it's been achieved intentionally. Dreamwalls Antique Mirror achieves this effect by modern silvering technology that has the look of a vintage mirror.

Antique mirror is produced by modifying the normal silvering process, the pattern will vary slightly from sheet to sheet.

The art of making antique mirrors is so subjective that it is sold as an as-is product.
