

## All-Glass Façade Visual Harmonization Utilizing Guardian® Glass and OPACI-COAT-300®

If vision configuration cannot be found below, contact ICD directly to discover spandrel color number and name.

- Step 1:** Find your vision insulating glass unit (IGU) configuration below – all glass shown is 1/4" (6mm) thick
- Step 2:** Repeat the vision glass configuration for the spandrel glass configuration
- Step 3:** Identify OPACI-COAT-300® spandrel coating color number and name
- Step 4:** Request free vision and spandrel coated glass samples for in-person review
- Step 5:** When samples are approved, add OPACI-COAT-300® spandrel number and color name to specification
